

NOTTINGHAMSHIRE ASA

Poolside Accreditation Application

From the Festive Frenzy 2023, Nottinghamshire ASA will be moving Poolside Accreditation to the online system. Full details can be found in individual meet and championship information packs.

Accreditation is individual per person and not the same as the poolside passes.

This guide will explain how to obtain the initial accreditation through the online system. Please be aware that depending on the specific competition details, this accreditation may or may not allow you access to poolside, and is just a way of confirming that you have the required checks in place and are valid.

This national system will mean that everyone on poolside needs to have the correct credentials logged on the Swim England Membership system in advance of acquiring any poolside accreditation at any competition. These minimum requirements are:

- A valid and in date DBS with bared list check.
- A valid and in date safeguarding certificate.
- A valid Coaching Qualification/Team Manager Qualification/Chaperone Status logged.
- A headshot photo uploaded on the Swim England Membership Options.

Log In

To obtain the accreditation you will need to log in to the Swim England Membership Options: https://www.swimmingresults.org/member_options/
